Robert Lobrano Merits May Leader Of The Month Award

Bobby Lobrano, junior, merits this month's Among Our Leaders Award.

Coming to Stanislaus in his early grammar school days, Bobby has actively participated in everything.

He called signals for our football varsity, was the backbone of our junior basketball squad, and can be heard every afternoon cheering his softball team on victory.

Making the honor roll seems to be his hobby. He has received an Honor Roll card every term of his many years at S.S.C.

Bobby was elected Vice-President of the Junior Confraternity and of his class last year and is presently serving as Junior Class Vice-President and representative to the Senior Division of the Confraternity of the Sacred Heart.

He represented S.S.C. at the annual convention in New Orleans at which he acted as secretary of one of the panels.

The Talent Show saw him in two song and dance numbers and one skit.

He is the son of Mrs. Robert Lobrano of Point-a-la-Hache, La.

A Senior Farewell To Underclassmen

By Brent Seward

With graduation time near at hand, the seniors would like to say good-bye to everyone at S.S.C.

So long from "Squad" Ingles, who did just about everything, and "Shadow" Osborn, who did nothing but draw crazy pictures; from "Rudy Riordan and his famous laugh, and A. J. Soulagnet and his equally famous stories.

Good-bye from "J. B." Black and Tipperary's and "Humphrey" Hemstreet and the Bakery. From Joe McHugh and his cast, Bill Boagey and his fishing pole, Pete Orlin and his science books, and Steve Sam and the ezrines.

Good-bye from "lotch" Genard, "Clue" Blaum, and "Terror" Battistella—the syndicate. From Dave Bishop and his horn, Albert Le Blanc and his tuba, and "Turk" Kawas, and anything he could get his talented hands on.

I'll be seeing you from "Weenie" Murillo and Fidel. Brooks de Buys and Herbie and Buendia", George Reitmeyer and Grandma's, and from "Cutie" Zambrano and all his lady friends; from J. E. Loicano and his weights, Lester Haverty and his lounge, "Johnny-Boy" Kimball and his clothes; from "Scrawny" Seuzeneau, "Skeeter" Artigues, and Terry Ladner and their card games; from Tommy Troxler and "Frenchie" de Jaham, who'd always bet on the Tigers and win, and Brent Seward, who always bet on anything and lose.

So long from George Odriozola and the lawnmowers, and "I'm New" Dumas, "Razor Blade" Diaz, and "22.4" Cook; from "Freak" Mora and his black Ford convertible, and "Gordie Prat, who finally made the honor roll; from Bobby Camors and his T-bird, and Shannon Pickich and his jalopy.

Good-bye from Henry Brignac and his tools, George Brown and the candy shop, Sal Cuadra and the mail, from "Dee" Cambre, who didn't believe anything and who nobody believed would get out at half year.

So long from Michael Peneguy, a new comer and Warren Carver, who's been here nine years; from Wayne Cleveland, fast in the hundred, and Jon French, who sticks fast with the Yankees; from Terry Reine and Danny Blanchard, who likes to talk, and Joe Hayden, who seldom says anything; from "Woodie" Bosarge, who takes our money, and Jimmy Chiniche, who delivers our mail.

Good-bye from these and all the seniors of 1960. We thank you for everything you've done for us and we hope that S.S.C. is at least a little better as a result of our having been here.

On The Downbeat

Class Of '60 Claims 5 Band Members

This year the band is losing five lettermen. Here are our seniors along with a brief sketch of their accomplishments during their tenure in the band.

Warren Carver leads the band in experience as well as in office. He has served the band for eight years, putting in two years as captain, three years as drum major, and several years as librarian.

He has rated "superior" four times on clarinet, saxophone, flute and piccolo solos and ensembles. He was a member for three years of the once famous Stanislaus dance orchestra The "Rocksters." This year he directed the football band.

David Bishop, who has been with the band seven years, is a superior musician. He, too, placed first in solos and ensembles on the saxophone. David's remarkable playing has earned him first place in the saxophone section of the Lions' Band for four years. He played in state band clinic two years, and was first lieutenant of the band for one term. David was also a members of the "Rocksters."

Kenneth Pepperdene has been with the band for seven years also. His skill in transposition has made him a versatile help to the band in contests and concerts.

Albert LeBlanc joined the Rock-A-Chaw band three years ago. He came to S.S.C. from Baton Rouge where he has played in the Louisiana State Honor Band, and the L.S.U. summer concert band, for four years.

Albert has been chosen for state band clinic twice, and placed first at the solo contest year. He also was a member of the "Rocksters."

This year, he handled arrangements for the attendance of band members at the various clinics and contests. He also organized and led the "Band Hall Janitors", the new basketball band.

Shannon Pickich has only two years in the S.S.C. band, but in that short time he has proven himself to be an invaluable member.

He was elected first Lieutenant this year, and in that capacity assisted Warren Carver in directing the band at football games.

We wish to extend our thanks to our senior members. Their interest, initiative, and leadership was in great part responsible for the cooperation and enthusiasm that existed among the band members this year.

How Do We Stand With Christ?

We seldom get anything for nothing. All of us by personal experience have come to realize the truth of this statement.

With the month of June approaching, we would do well to consider just how much we are giving in order to receive the great rewards promised us by the Sacred Heart.

He has made twelve promises to us. But they are based on the stipulation that we make ourselves worthy of his gifts. We can be certain that He is not going to watch us going through life neglecting our duties, and disregarding His helps, and then shower us with His blessings when we come before Him—His infinite justice would not permit such.

During the approaching month, we have a particularly appropriate time to begin renew if necessary, or increase our devotion to His most Sacred Heart.

Entre los latinos

Felicidades A Los Graduados

Por Ricardo Matamoros

Con el fin del año escolar a la vista queremos tomar esta oportunidad para despedirnos de esos que se nos van para no regresar. Todos estan muy felices pero creo que ademas de esa felicidad hay tristeza y recuerdos de todos los días buenos que pasaron como tambien aquellos días que no se querian levantar al oír las manos de Brother Carlos, Ralph, o Leo. Para comenzar la columna esta vez decidí repasar un poco de cada uno de los muchachos que se graduan.

Ricardo Kawas, que ha sido un honor para los latinos saliendo primero en su clase, ha estado con nosotros tres años y que no ha hecho? Tambor, piano, acordion, baile, canto, y que no; alli estaba el "Turco". Además de todas estas cosas hallaba tiempo para ayudarnos en química. El "Turco" se va pero no lejos pues dice que no se puede separar de S.S.C. Sus planes incluyen graduarse de LSU con el titulo de ingeniero mecánico.

El próximo en nuestra lista es el muy fuerte y que nunca alega Rodrigo Zambrano. Rodrigo tiene seis años de estar aquí y tiene el honor de ser el único que puede desarmar y reparar las maquinas de Brother Athanasius en un día. Multipliquenlo por siete, luego por treinta, por nueve y al fin por seis y veran cuantas veces ha reparado sus maquinas. El mejicano no puede dejar su querida tierra pues nos dice que se queda en el Instituto Tecnologico de Monterey estudiando ingeniería mecánica.

El liborito Jose Murillo desde hace un mes nos ha estado cantando su nueva f favorita canción. Las palabras, si me acuerdo van así, "Pa' La Habana me voy, pa' La Habana me voy y me quedo y me quedo. Ay lere, lere, lere." Luego nos cuenta de sus planes; como cierta muchachita lo está esperando en La Habana. Dice que en Septiembre si tiene tiempo va a La Salle a tomarse todos los honores en sciencias comerciales y que cuando tenga su primer millón nos va pasar a recoger en su jet. Andale muchacho, yo quiere ese "ride"!

Cuando interroge al Sr. Cuadra me preguntó si yo era el FBI. Y me dió su descripcion: ojitos pardos, pelo negro, y una sonrisa colgate. Luego despues de haberme dicho que muy galan era me dijo sus planes los cuales no incluyen manejar un vagon de correo, como tampoco cortar la yerba. "Nunca", me afirmo pues en Catholic University no se permite que los arquitectos trabajan.

Y entre el grupo tenemos un miembro que no quiere perder tiempo en el camino a fama. Me refiero a Jose Diaz quien nos dice que apenas salga de aquí se va para Georgetown. Apenas tendra tiempo para empacar sus maletas. Jose tiene cinco años de estar aquí y piensa estudiar Business Administration.

Carlos Lam, quien tiene cuatro años de estar aquí, se nos va para LSU donde estudiara agronomia. "Chico" ha sido el star del equipo de soccer y dice que va venir a jugar de vez en cuando en su camino a Kiln.

Jorge Odriozola es el miembro más nuevo de la colonia pues solo tiene dos años de estar aquí. Durante ese tiempo se ha vuelto un mecanico experto. Jorge, como Rodrigo, se queda en el Instituto Tecnologico de Monterey estudiando ingeniería civil.

El ultimo miembro de los graduados latinos es Luis Ingles. A Louie se le puede llamar el hombre del maletin pues siempre tiene algo que hacer. Durante sus seis años aquí ha servido como presidente de todas las organizaciones. Louie va estudiar accounting en Loyola en New Orleans.

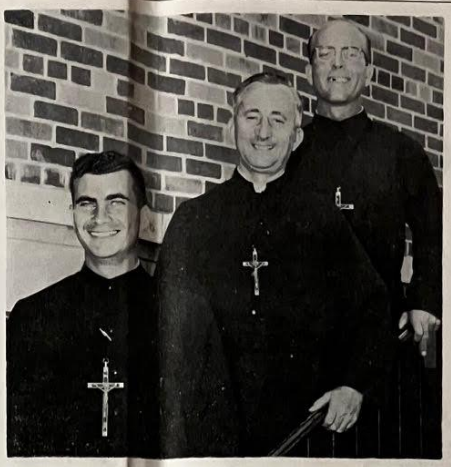
Four Years ! And For What ? ?

Four year of hard work rolled up into a white diploma does not seem like much with which to leave high school. Yet as one looks at the writing on this piece of paper, memories of the past quickly flash through his mind as well as serious thought of the future summed up in the familiar sigh, "Well I finally made it."

The Services and College can help us to become men but character is already formed. There only remain now but to apply what has been inculcated here at S.S.C. As the gradua tion ceremonies end and good-byes are said to friends, teachers and class-mates **high school days are ended.** The student body joins with us in taking this opportunity to say "Good luck to our senior **class of '60.**



Pictured at a moment away from their study halls, prefects are: Brother Carlos, senior group; Brother Ephrem, little study hall; and Brother Ronald, middle group.

Bros. Carlos, Ronald, Ephrem Recollect Year As Prefects

As we look back on the closing school year, we find two prefects completing their first year at S.S. C. and another ending his 27th year on the Rock-A-Chaw campus.

It has been for many years now the task of Brother Ephrem, prefect of the small study hall, to start the younger boarders off on the right foot.

During Brother Ephrem's stay here at Stanislaus, he was under the direction of Brothers Peter, William, Alexis, Ronald, and at present, Brother Hugh.

Brother pronounced his perpetual vows in 1937. In the following years he was stationed at the Brothers' schools in Natchez and Thibodaux, before coming to S.S.C.

Brother was stationed here during the hurricane of 1947, which he relates as being the worst experience he has ever encountered.

Brother Carlos, prefect of the Senior Study hall, is not really a newcomer to S.S.C., since he was stationed at schools in Alexandria, Oklahoma, New York, and Mississippi usually as prefect.

In his short time here this year, Brother has won the confidence and respect of the boys in his care.

Brother Ronald, prefect of the intermediate study hall is a newcomer to S.S.C. this year. Brother pronounced his final vows in 1958.

Before assuming his duties here, Brother was stationed at Coindre Hall, New York, and at St. Aloysius High school in New Orleans. Not to detract from his other talents, Brother will be particularly remembered by his boys for his interest in athletics.

As the school year comes to a close, the Rock-A-Chaw staff extends its best wishes to the facutly and student body for a pleasant vacation season.

We have enjoyed having the opportunity of relating the past years happenings to our readers.

SSC's Growth Shown In Its Many Buildings

1854 was an important year. It was the year in which Reverend Stanislaus Buteaux called upon the Brothers of the Sacred Heart to start a school in the little village called Bay St. Louis.

Time has passed and with it, things have changed. The founding of the school is now history and the work which has been done through the years has made it the institution we call St. Stanislaus College.

Let us look into the past, through the records and pick out the events which have made Stanislaus into the school that it is today.

At the turn of the century, Disaster struck the College. A fire in 1903 destroyed the original buildings. But all was not lost, for the Brothers, with their inconquerable desire to teach, reconstructed what had been lost.

As the years passed, new buildings were needed to keep apace with the times. The present gymnasium, built in 1924, was a result of the new expansion program.

Five years later came the building of the chapel wing, which includes the big study hall and science rooms. It was 1929, but the school had still more to expand and build before becoming what it is today.

Time passed, time in which the school was establishing and enhancing its reputation; time in which people were to learn more of the work being done by the Brothers of the Sacred Heart in Bay St. Louis.

Improvements did not cease, however, for we were soon to see the erection of the dining halls and the kitchen. In 1949, this building became a part of the school; Brother Alexis was then president.

Brother Roland replaced Brother Alexis as president. It was during his administration that the most recent buildings were erected. The present shower rooms and dressing rooms were erected in 1953. The one we all saw being erected, the new ultra-modern infirmary building, is the latest of the expansion program.

These are the major changes; others are in the planning stage.

Cor Jesu High Hosts Annual Confraternity Convention; Discussions Held By Panels, Resolutions Passed By Delegates

Cor Jesu High School of New Orleans was the meeting place for the annual student convention of the Confraternity of the Sacred Heart, April 23.

The convention opened with a general assembly welcoming some 59 delegates from the schools conducted by the Brothers of the Sacred Heart in Alabama, Louisiana, and Mississippi.

Discussions were led by three panels that circulated among the delegates who were divided into groups. The topic of the first discussion was the personal spiritual life of a Confraternity member. The second panel discussed the Confraternity member and the apostolate of Catholic action. The third panel presented the Confraternity member and his duty to sanctify his family.

At three o'clock in the afternoon a general session was held to decide upon the resolutions for the coming year. The delegates unanimously voted to approve the following:

1) That the constitution of the Confraternity as explained in the red book be made a subject of study in all the Confraternity groups. Furthermore, that these constitutions be followed as a basis for group action.

2) That in the teachings of the doctrine of the Mystical Body to the Confraternity groups, that special emphasis be laid upon the importance of the individual student as a member of the Mystical Body.

3) That the Confraternity of the Sacred Heart should sponsor group activities of students, especially socials, drives, spiritual exercises, etc.

4) That the Confraternity sponsor the promotion of mental prayer and provide materials which will render mental prayer easier and more practical to the students.

The convention closed at 4:00 with Mass in the Cor Jesu chapel.

Delegates who attended the recent confraternity convention are: Back Row left to right: Mike Mashburn, Lars Phillips, and Pat Mashburn. Front Row left to right: Bobby Lobrano, Richard Chance, Donald Smith, Steve Butaud. Not pictured: E. J. Babin.

Message To The Graduates

My dear Graduates,

The years of your fundamental training have come to a close. The formative years, the impressionable years are finished. What, then, is this the end? Hardly so. This is really the beginning, the commencement. It is the start of a life, so new, so vastly different in scope and outlook that you may become discouraged living it, that you may stumble, that you may falter.

However, that fundamental training, that training in fundamentals which you have received was a solid one, one that will allow you to go ahead with a hope in your heart, and a determination of will strong enough for you to overcome discouragement, balanced enough to guide you sensibly.

Remember that you have received the very best in parents, home, education and character training. Remember, too, that of those who have been given the best, the best is demanded in return. As a consequence, it is expected that you will view this new life with a discerning eye, that you will step forward solidly and sensibly as you carve out your future career.

It is our prayerful hope that on the solid foundation on which your life has begun will be erected a structure concreted in unwavering principles and reinforced by the grace of God and the blessings of the Sacred Heart.

It is expected that your parents, your teachers and your friends may see in you the full development into manhood, a manhood based on the formation received from the experience of wise parents and the guidance of religious teachers.

It is expected that you will live your life as God's will asks you to so that the eternal happiness which the Sacred Heart wishes for you will come as the culmination of having been a real Christian and ever-devoted follower of the Sacred Heart.

(Continued from page 2)

Con esto cierro mi columna, desiandole a todos los graduados lo mejor de felicidad y esperando que las amistades que aqui hemos hecho nunca se olviden y que se unan más al pasar los anos a pesar de las distancias que nos separan. Y a los que no se graduan les deslamos un verano de mil maravillas y esperamos ver todas sus caras feas en Septiembre.

QUE DIOS LOS BENDIGA A TODOS.

Varsity, Junior Track Teams Finish Season; Down Bay High, Notre Dame In Home Meet

Reviewing the S.S.C. track schedule, the team may be justly proud of a successful season.

With only a few days of practice, the Rock Trackmen were edged out of first place by Biloxi High in the first meet of the season.

The Junior track team competed against Michel, Central, and Firmwood Junior Highs, to place third.

Both the varsity and the junior team were off on the right foot. J. E. Loiacano, Wayne Cleveland, and Steve Butaud, of the varsity, took first place in the discus throw, the 100 yard dash, and the mile run, respectively.

Colden Jones won the junior high 220 and 50 yard dashes; Al Boada placed second in the 50. The junior relay team of Boada, Merrit, Rhodes, and Jones placed first in that event. That same team with the exception of Merrit who was replaced by Joe Foote, won the 880 yard relay.

J. E. Loiacano approached the state record in the discus with a throw of 148 feet 6½ inches, and Wayne Cleveland topped all participants in the 220 yard dash.

On the following day, April 7, the Rock-A-Chaw bested their guests Notre Dame of Biloxi and Bay High, in every event but the high jump.

Waldo Otis won the 880 yard run, Austin Kilbourn took the 440, and Steve Butaud out-distanced the competition in the mile.

The relay team of Carlos Lam, Ronnie Artigues, Gary Blaize, and Wayne Cleveland, triumphed in the 440 and 880 relays. Steve Butaud, Waldo Otis, Austin Kilbourn, and Donald Smith, captured top honors in the mile relay.

J. E. took both the discus and the shot put, while Carlos Lam jumped furthest in the broad jump. Points were distributed as follows: S. S. C. 88½, Bay High 32½, Notre Dame 11.

The Rock-A-Chaw teams journey to Gulfport April 16 to be outscored in a meet which included seven teams. With the exception of the 440 and 880 yard events, and the relay races, the Rocks lost the other matches by very slim margins. Steve Butaud lost the mile run by one-tenth of a second.

J. E. Loincano displays the powerful form with which he broke the district track record, bettering the old mark by seven feet.

Rock Glovemen Drop No-Hitter To Powerful Biloxi In Opener

Stanislaus opened its 1960 baseball season by dropping a no-hitter to Biloxi's ace pitcher, Ronnie Perasish, April 5.

Starting pitcher for the Rocks was Pat Mashburn, who was relieved in the fourth inning by Finley Hewes.

The team lost two games to Notre Dame of Biloxi, later in the month by scores of 14-4 and 15-3. The winning pitchers for Notre Dame were Taranto and Mattina.

In the second game Walton Clarke came through with a home run in the second inning to score a tally. Johnny Chevis hit a pair of doubles, but the team failed to capitalize on these points.

Pascagoula pitched Campbell against Stanislaus in their two encounters, Campbell hurling a two hitter and a onehitter. E. J. Babin spoiled a no hitter for the Pascagoula pitcher by smashing a single into left field in the fifth inning of the second game.

The Rock-A-Chaws also dropped a game to Gulfport by a score of 12-3, April 24. In this game the Rocks displayed their best hitting of the season.

Terry Ladner and Charlie Genard lead the team with two hits apiece while E. J. Babin, A. J. Soulagnet, and Ronnie Artigues each got a hit apiece.

SSC's Loiacano Breaks Record

J. E. Loiacano is the new southern Mississippi A-AA discus champion.

J. E. then went to the state meet in Clinton where he placed second with the shot put and third with the discus.

Gary Blaize who had qualified in the broad jump for district drew fourth place and failed to qualify for the state meet.

Steve Butaud also qualified for district in the mile but was eliminated and did not attend the state meet.

Phil Fasullo and Donald Smith attended the district meet in the low hurdles.

Competing with 19 other schools, S.S.C. took fifth place in the district meet.

Softball, Track End League Activities

Softball and Track have been yard league activities for the past month.

The standings of the Big study Hall softball teams are as follows: Donald Buendia and Dan-Charlie Albright second place, and for second; Foote and Boada tied for second place, and Ogden, third place.

Throughout the year the teams have been under the Supervision of Brother Germain. Assisting Brother Germain as umpries are Roy Bodenheimer and Joe McHue.

The Middle Study Hall softball team standings are Rolf Seeburg, first place; Foote and Boada tied for second place, and Ogden took third place.

Brother Ronald, who has been assisted by Brother, has acted as coordinator of the Middle Study Hall's activities throughout the school year.

Crew Aids Brother In Grounds Care

Almost every afternoon Brother Athnasius and his work crew, composed of Rodrigo Zambrano, Salvador Cuadra, Jorge Ordriazola, and Jorge Casares, are seen working on the grounds that surround the school.

The job of cutting the grass, trimming the shrubbery, and caring for the flowers is endless.

Recently engaged in white-washing the concrete wall in front of the school and the many oaks that dot the campus, Brother and his boys have also completed the painting of the iron work on the pier approaches.

Rodrigo Zambrano, of Monterray Mexico, has worked with Brother for three years. He is in charge of the lawnmovers and is responsible for their maintenance. He is aided by Jorge Odriazola of Monterrey, Mexico and Jorge Cassares of Habana, Cuba.

Sal Cuadra of Matagalpa, Nicaragua has been working for Brother for five years. He is in charge of caring for the shrubbery and the other plants.

Besides looking after the school grounds in the front, Brother and his crew also maintain the grass on the back play area and the cemetery.
